

TIRE & WHEEL MEMORANDUM

Effective March 1, 2011

Safe-Guard will begin processing all **2010 and newer Chevrolet Camaros** as Class 3 rather than Class 4 on the Tire Only, Tire & Wheel and Ultimate Vehicle Protection programs (including Premier). This is good news for you, as it results in **significantly lower Tire & Wheel costs** for these vehicles. Camaro models prior to 2010 will continue to be rated as Class 1.
